AAME Competition Process

Starts with

- Unit Develops nomination packet (use latest AAME Message)
- Submit Packet through chain of command

Command submits best packets to Phase 1 Panel

Phase I

- 10-12 member panel (Active, ARNG, USAR at USAOS)
- Evaluates all packets
- Determines Semi-Finalists (top 3 in each category)
- 70% required to advance

Phase I panel decides Semi-Finalist for on-site evaluations

Phase II

- On-site teams (USAOS Team)
- Evaluate Semi-Finalists
- Determines Winners (Phase I & II scores)
- 70% is required

Determination of category Winners and overall Winner

- Selection of Category Winners
- Awards presentation (TBD each year)
- Selection of "Best of the Best" Winner (overall highest score)
